Hi Roxanne and Lene,

It was mentioned on the call yesterday that there were still comments/changes that DOH wanted to add to the 6&7 letter. It's our preference that DOH edit the last version of the letter to include these comments to their satisfaction, and then pass the document back to us. I'm providing the last version in word. We'd prefer to get this back by Thursday the 14th so that we can sign and return before the end of the week.

Let me know if you have any questions.

Thanks!

Roxanne,

We have made a final (hopefully) revision to the Section 6&7 Review letter. The letter is the same except for a new final paragraph that states that the BWS comment letters are attached and should be considered by the Navy. I electronically signed this and made you the DOH signatory instead of Steve Chang.
